

Trenwa.

PRECAST TRENCH SOLUTIONS

TOUGHNESS YOU CAN TRUST

WHY TRENWA.

**Trenwa invented precast trench over 50 years ago.
Today, precast trench is still our specialty!**

Product Leader – Lasting Strength

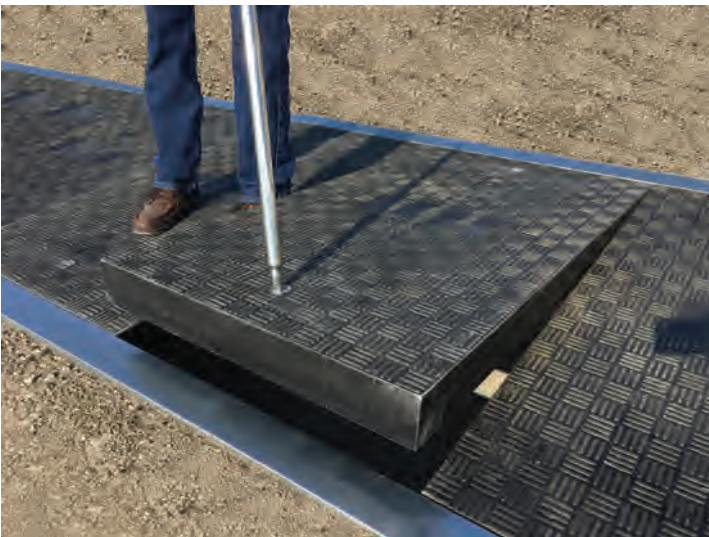

- **Unmatched Experience** – Founded in 1962, Trenwa has supplied more than 20,000 projects with over \$250 million of precast trench and utility products.
- **Industry Leader** – With its unrivaled experience and focus on one core product, Trenwa is the leading producer of precast trenches in North America.

Valued Partner You Can Trust

- **Expertise** – Trenwa's Project Managers are experts in precast trench systems and handle each job from concept to delivery, assuring quality and consistency throughout.
- **Customer Trust** – Serving world-class utilities, engineering firms, contractors and industrial companies for over 50 years, Trenwa has earned a reputation for excellence.

Custom Solutions, Proven Performance

- **Custom Solutions** – Trenwa works closely with each customer to design a custom trench system that is the optimum solution for their needs.
- **Proven Performance** – Many clients specify Trenwa for critical and complex projects because of the depth of our experience and decades of reliable service.

TOUGHNESS YOU CAN TRUST

WHY TRENCH?

Accessibility

Flexibility

Protection

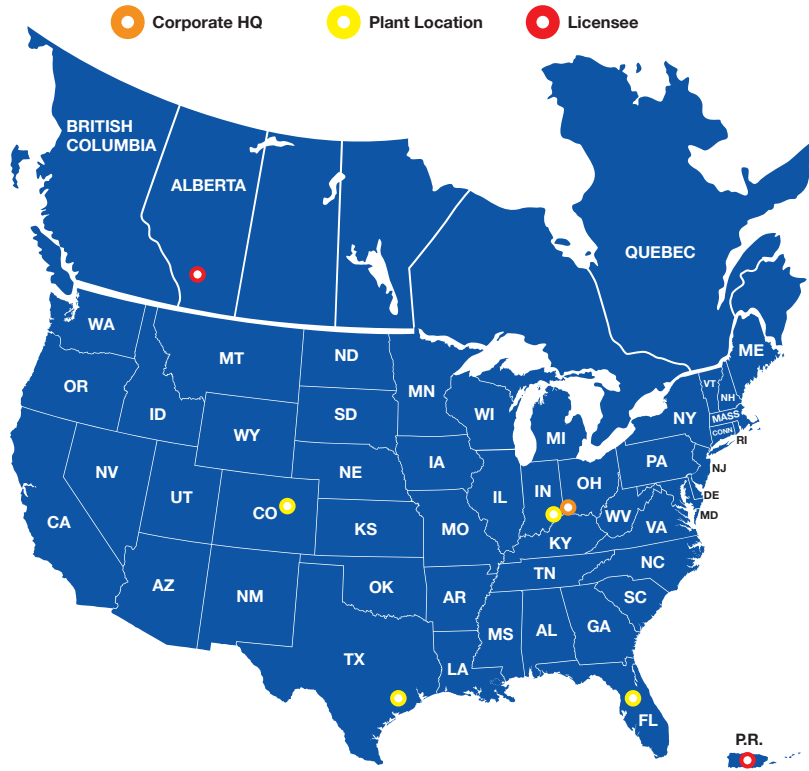

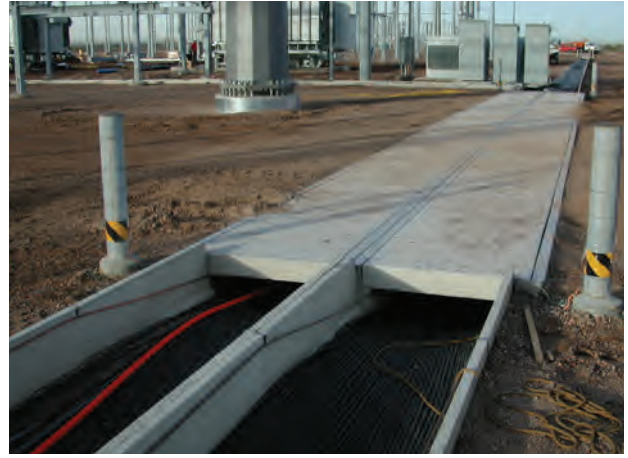

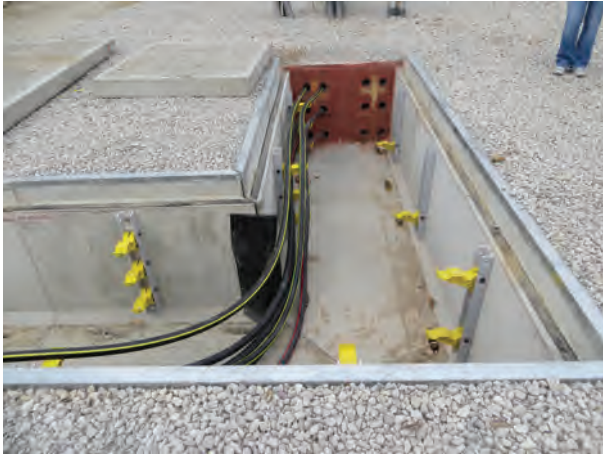

BECAUSE TRENWA.

For **over 50 years** Trenwa has been the **industry standard** in precast concrete trench systems. We have refined our designs to offer some of the **strongest** and most **durable**, yet **affordable**, underground concrete trench products available.

Trenwa trenches provide accessibility, flexibility and protection for the distribution of cables or piping. We are the **product leader** who has earned customer trust from decades of proven performance offering custom solutions.

TOUGHNESS YOU CAN TRUST

With 6 strategically located, modern plants, we are North America’s leading producer of durable, precast trench systems in the broadest range of types and sizes.
